## OpenGeoHub.org Recording License Agreement

The Author named above authorizes the OpenGeoHub Management Board and its agents, on behalf of OpenGeoHub.org, to make audio and video recordings by any means and in any media (the "Recordings") of my presentation, lecture or program described below (the "Presentation") and to use my name, photograph and biographical information in connection with the reproduction, distribution and promotion of the Presentation and the Recordings.

I understand that OpenGeoHub.org will credit me as the author or source of the Presentation. I retain any copyrights I may have in the Presentation. Nothing in this document shall limit my rights to publish or use the Presentation as I see fit. I agree that OpenGeoHub.org will own the Recordings and all copyrights and other rights therein. I agree that OpenGeoHub.org will have the irrevocable, worldwide right to make, copy, edit, publish, distribute, play, show, display and otherwise use and make available the Recordings and any works that may be derived from the Recordings, by any means and in any media now existing or hereafter invented, and to authorize others to do the same; provided that OpenGeoHub.org may only exercise these rights for educational or other purposes consistent with OpenGeoHub.org's mission.

I also grant to OpenGeoHub.org the rights set out in the preceding sentence with respect to any slides, overheads, handouts or other materials that I have provided in connection with the Presentation, with due attribution. I understand and agree that I will not receive any royalties or other payment in connection with either the rights I have granted to OpenGeoHub.org in this document or the use and dissemination of the Recordings. I warrant that: my Presentation and any related materials I have provided are original with me; I have identified to OpenGeoHub.org all copyrighted material of others that is included in the Presentation or in any such related materials; and neither my Presentation nor any such related materials nor the grant of rights I have made to OpenGeoHub.org in this document infringe or violate any copyright or other right of, or breach any obligation I have to, any other person or entity.

This Speaker Consent for Recordings shall be construed according to and governed by the laws of The Netherlands. All disputes arising out of or in connection with this subcontract, or the breach, termination or validity thereof, which cannot be settled by amicable arrangement, shall be subject to the jurisdiction of the competent court in The Netherlands.

I agree to the terms and conditions of this Agreement, and I agree that all materials in the presentation are my own work and do not infringe on the copyright of others.
